PROFESSIONAL
QUALITY

DIRECTIONAL
SOUND PICKUP

The iOS Vlogger Kit contains everything you need to get professional results when filming using your iPhone. The VideoMic Me-L microphone connects directly to your device, delivering crisp, clear, directional sound for any application. The SmartGrip secures your device firmly in place for stable recording and connects seamlessly to the Tripod 2 for either handheld or tabletop use, while the MicroLED ensures all your shots are perfectly lit.

- Complete iPhone filmmaking kit
- Directional sound pickup to reduce background noise
- MicroLED light offers over four hours operation on a single charge
- Three-position tripod for handheld or static use
- Gimbal tripod head for accurate camera positioning
- All-metal mount with rubberised grips for phones 65mm to 85mm wide
